London, January 21.

On Saturday and Yesterday arrived the Mails from Holland, France, and Flanders.

Petersbourg, January 1.

THE I. R. Czarish Majesties made their Publick Entry at Moscow the 27th past, having rested some Days at a certain Village not far from that Capital, on purpose to give Time to the Inhabitants to make the necessary Preparations for their Entry, which was very Magnificent.

Cadix, Jan. 5. The Quarantain is now entirely taken off all Ships coming from the North, and Endeavours are using to get the visiting of Ships and Goods taken off, that Commerce may be on the same Footing as before the late Contagion in France.

Warsaw, Jan. 9. This Day the King of Poland set out for Saxony, having signed the Orders for convening the provincial Dyets on the 22d of next Month, and the Proceedings thereof are to be reported to the next General Dyet. It is said, that Count Fleming is to go to Paris, to congratulate his most Christian Majesty at his Majority on the Part of the King of Poland.

Vinna, Jan. 9. Advices from Constantinople say, that a certain Ambassadour having demanded of the Grand Vizier, if the Naval Preparations making there were designed against Malta, the Grand Vizier answered, that the Porte had other Purposes in View. 'Tis added, that the Russian Minister had lately received two Expresses from his Court, and had desired Audience of the Grand Vizier, to acquaint him that the Russians were ready to accommodate with the Persians in order to take away all Causes of Jealousy from the Porte, upon Condition the Persians will desist from their Pretensions to a certain Tract of Land bordering on the Province of Calen, and will disavow by Writing the Grounds of their invading those Countries.

Madrid, Jan. 11. On Friday last their Catholic Majesties, with the Royal Family, set out from hence for the Pardo. The Marquis de Grimaldo Secretary of State attends his Majesty there, but Father Daubanton his Majesty's Confessor has Leave to remain in this City. Upon Advice that the Chevalier d'Orleans is on the Road from Paris to come to this Court, a Courier was dispatched four Days ago to Bayonne, with an Order for letting his Retinue, Equipage and Baggage, pass free without paying any Duty. We have an Account, that the Officers and others sent by the Court to receive Mademoiselle de Beaujolois, arrived at Tolosa the 31st past; it is also advised, that Princess cannot come to the Frontier till the Middle of this Month, the bad Weather having retarded her Journey. A Conference having been held a few Days ago at the Marquis de Grimaldo's by the chief Persons in the Ministry, to consider of the Assistance which the King is willing to give to the Order of Malta, a Resolution is taken to furnish 6000 Soldiers, and seven Men of War, which Resolution has been communicated to the Ambassadour of Malta.

Paris, Jan. 27. The last Post from Nancy brought News of the Death of the Prince de Vaudemont, aged 74 Years, being born at Brussels the 24th of February 1649. He was Knight of the Order of the Golden Fleece, General of Horse in the Low-Countries, Governor and Captain-General of the Duchy of Milan, and Sovereign of Commerce by the Death of Charles Francis of Lorraine, Prince of Commercy, slain at the Battle of Luzzara, in the Year 1701. A Dispute has happened between the first President of the Parliament and the Keeper of the Seals, touching Precedency at the Registering the Declaration of the King's Majority; the first President claims the Honours in the Absence of the Chancellor of France; and the Seal-keeper pretends to them in Right of his representing the Chancellours. The Parliament is assembled on this Occasion, but has not yet determined the Case. The Domesticks of the Bishop of Verdun having placed

at their going to Bed a large Stove of Charcoal in their Room, three of them were found dead the 20th in the Morning, stifled by the Vapours and Smoke, and two others are very ill. A like Accident happened the Night before in the Portuguese Envoy's House, where one of the Servants was found dead in his Bed, and two others near expiring, but were saved in Time. The People of St. Malo's being reckoned experienced in Maritime Commerce, Endeavours are used to engage them in the Service of the India Company. Two Capuchins are preparing to go to the Mississippi, to take on them the spiritual Care of the new Colonies. . . . On the 26th, the Archbishop of Rheims and the Duke of Luynes took their Seats in Parliament in Quality of Dukes and Peers of France. The Actions are at 1350 Livres, and the Liquidations at 21 Livres 10 Sols.
